

## Desert Community College District Construction Management Services – Pre-Qualification Pool

### Questions and Answers

1. Q. Is there a deadline for the submission of the RFQ response or questions? A. Yes, please see the RFQ. All Deadlines are at the Close of Business on the date indicated.
2. Q. Is there an RFQ or SOQ number that should be used in the submission or any other titling requirements? A. No.
3. Q. On Page 13, Section I, Bullet 8, the RFQ states: “Also provide single-page-resumes of proposed project team members outside of the respondent Firm, including key sub-consultants and subcontractors where applicable.” Are resumes required for employees within the respondent firm or only outside of the firm? A. It is assumed that Firms would wish to provide resumes for key staff within their Firm, but the District is not dictating how Firms should include this information. The District is also requesting that, in addition, key staff from sub-consultants be included at the Firm’s discretion. The District wants to understand how Firms propose to provide their services, whether using in-house staff or third parties.
4. Q. Will this work (above RFQ release) involve the new satellite campus in downtown Palm Springs and if not, will being in this pool preclude you from the new campus? A. The pool may be applied to multiple projects under consideration, one of which may be the new Palm Springs Campus. Inclusion in the pool will NOT preclude any parties from working on any specific projects.
