INDIO CAMPUS EXPANSION

DESIGN

Project Description

The expansion of College of the Desert's Indio Campus extends the campus site north of the existing building with the addition of a new 67,000 sf building, 10,000 sf of renovations to the existing building, and site enhancements that include a new shade structure and flexible outdoor space between the buildings. The new building includes an enlarged Student Success Center, Public Safety facilities and Student Health Offices. It will significantly expand the instructional facilities with new classrooms, science laboratories, lecture halls, computer labs and a Maker Space, expanded faculty office space, a student dining commons and study spaces. The building will also have the necessary support and circulation spaces for maintenance of the Indio Campus, various informal social spaces along corridors, and a large outdoor deck space on the third level. Renovations to the existing building include the removal of various campus level functions that are to be rehoused in the new building, the enclosure of the breezeway, and the conversion of the newly available spaces into additional instructional and student study spaces. Site improvements include parking lots, landscape buffers, and vehicular circulation for the new enlarged campus extents.

INDIO CHILD DEVELOPMENT CENTER

DESIGN

Project Description

The Child Development Center at College of the Desert's Indio Campus extends the campus site south of the existing building with the addition of a new 17,000 sf building and approximately 7,000 sf of Play Yards with shade structures. The new building will include toddler & preschool classrooms, 2 of each, and support spaces required for a state of the art child care facility, meeting State Chancellor's guidelines. The building will also house an adult ECE classroom and observation spaces. Site improvements include undergrounding of existing overhead utilities, demolition of existing structures and new parking lots.

ROADRUNNER MOTORS (AUTOMOTIVE TECHNOLOGY TRAINING CENTER) DESIGN

Project Description

The new Automotive Technology Training Center facility will be constructed on a 5.8 acre parcel in Cathedral City, and will provide specialized and generalized classrooms, teaching laboratories including service vehicle bays/lifts, offices, conference rooms, support space, and parking. The initial effort will involve programming, site planning, and schematic design, as well as master planning the site for future development.

Project Data

Project Manager: Celeste Manolas

Design Professional: CRB (contract pending Board approval)

Construction Manager: TBD Funding Source: Measure CC

Project Size: TBD

Project Update

- The selection committee reconvened in light of a change of ownership of the selected firm, and re-affirmed R²A now integrated with CRB as the recommended consultant as long as there is a commitment to maintain the proposed team for the duration of the project
- The contract and fees for architectural services are being negotiated with the goal of presenting to the Board of Trustees for approval in March 2020
- The geographical study was completed, and the report was received on January 11, 2020
- The project Kickoff Meeting is scheduled for February 13, 2020

Total Budget: \$23,049,769 Construction Budget: TBD

PALM SPRINGS DEVELOPMENT PROJECT

Project Description

The demolition phase will remove the existing 330,000 square foot building and all associated footings and underground utilities. This is to clear the way for construction of the new campus.

Project Data

Project Manager: Ryan Lamb Design Professional: TBD Construction Manager: TBD

Funding Source: Measure CC Funds

Project Size: TBD

Project Update

- Demolition complete
- Final closeout in progress

Total Budget: \$4,000,000 Construction Budget: \$3,250,000

OLD WAREHOUSE RENOVATION

Project Description

Single-story renovation of the metal warehouse building located west of the Maintenance and Operations Office/Warehouse. Presently, the building is used by Business Services, Friends of the Library, Custodial, COD Information Technology, and for Kiosk storage.

The Business Services and COD Information Technology area will include a high-ceiling air-conditioned space with palletized storage.

The Friends of the Library area will include industrial racks for palletized storage and will experience an overall 45% increase in storage capacity.

The Custodial area will include a new motorized roll-up door at the north end of the building. Additionally, new indoor electrical power charging stations for fourteen (14) electric cart parking and increased storage areas with industrial racks for palletized supplies.

The Kiosk storage area will include a new evaporation cooling system as well as new counter tops and shelving.

Project Data

Project Manager: Dave Hall

Design Professional: SGH Architects

Construction Manager: N/A Funding Source: RDA Funds Project Size: 7,200 GSF

Project Update

- Site underground plumbing completed
- Demolition of interior walls & metal building cut-ins for new doors completed
- Structural retrofit of metal building started
- Site concrete & structural foundations started

CENTRAL CAMPUS QUAD RENOVATION

Project Description

Renovation of the Central Quad area adjacent to the Hilb Library. The Project will demolish the existing plaza in its entirety inclusive of the 3,500 sf. Fountain of Knowledge, and will replace it with a new plaza with colored concrete banding, a new state of the art infinity edge fountain with lighting and jets, new landscaping and site lighting, new palm trees with up lights, benches, and infrastructure improvements including new electrical and irrigation systems and a new fountain vault and equipment.

Project Data

Project Manager: Celeste Manolas Design Professional: Spurlock

Construction Manager: Alon Construction Consulting

Funding Source: Measure CC Project Size: 35,019 GSF

Project Update

- The flatwork is substantially complete with the exception of the bands surrounding the fountain and vault, and landscaping was temporarily completed to allow for the soft opening for the State of the College event on 01/22/2020
- The fountain vault was poured, and the fountain structural slab is being prepared for waterproofing
- The site fencing was temporarily removed for State of the College, and is back in place
- The tree lights are being installed, and landscaping and irrigation are progressing

CENTRAL CAMPUS REDEVELOPMENT

Project Description

The Hilb Building Renovation Project (Increment 1): A 2-story 41,587 sf renovation for the consolidation of all Library & Learning Resource Center operations. The first floor is 15,394 sf dedicated to Library operations. The second floor provides a spacious 17,347 sf for a computer lab and several group study rooms, as well as, open study areas surrounding the high ceiling atrium. The basement provides 8,846 sf for classroom and study areas highlighted by a glass floor skylight below the atrium stairs.

The C Building Renovation Project (Increment 2): A single story 6,317 sf renovation project that provides a public venue for the Board of Trustees, as well as, conference rooms and Administrative offices.

Project Data

Project Manager: Dave Hall

Design Professional: LPA Architects

Construction Manager: Bernards Funding Source: Measure CC Funds Project Size (Hilb): 341,587 GSF Project Size (Building C): 6,326 GSF

Project Update

Hilb Building, Increment 1

- Continue punch list work
- Complete furnishings
- Completed Library/TASC move-in
- Building opened to students

Building C, Increment 2

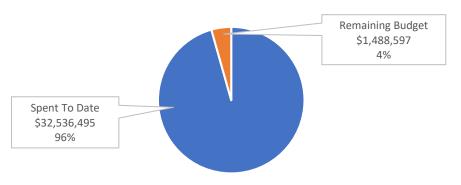

- Continue A/V equipment installations
- Continue wall panel in board room
- Continue electrical, data & low voltage installations
- Completed furniture installation
- Completed landscaping
